

VMC

VMC 1200

THE FUTURE OF COMMERCIAL ELECTRIC VEHICLES IS HERE.

The VMC 1200 from Vicinity Motor Corp. is a fully electric, class 3 truck which has the power and potential to transform the shipping industry in North America.

Powered by cutting edge Li-Ion battery technology that provides up to 150 kWh of power, the VMC 1200 can travel up to 150 miles on a single charge. Perfectly suited for ultra-quiet operation in urban environments.

Designed by Vicinity Motor Corp. leveraging our proven EV technology, the VMC 1200 is helping the transportation industry reduce costs, eliminate carbon emissions, and run a more efficient fleet.
